

LITTLE WORLD CHANGERS SEL PROGRAM OVERVIEW

Hayley Murray
Founder

In 2020 Hayley, an experienced teacher, mentor, and leader, realised the desperate need for Social Emotional Learning in our young people because of the overwhelming rise of anxiety and depression in our little people, their teachers and families.

Hayley took a deep dive into all things ***social emotional learning, positive psychology, neuroscience, mindfulness and research based practices***. That's when she wrote "She Believed She Could Change The World" a SEL resource for little people. Soon after she started the creation of the "Handy Helper" - Little World Changers student guide and program design.

She worked alongside contributors such as; Educational Leaders, Psychologists, Occupational Therapists, Neuroscientists, Mindset Coaches, Mindfulness Teachers and more to create a well developed and well researched program.

SERVICES OFFERED

We are revolutionising education with our innovative Social and Emotional Learning (SEL) program. The holistic approach is designed to empower and inspire big and little people with the use of positive psychology, neuroscience and research-based practices for long lasting impact.

Here's the services we offer as apart of *Phase One* of the program's implementation.

- 01 Hub Access**
Hub access for educators and families to take full advantage of all printable resources as well as bite-sized videos for personal and professional development. Take a look inside [here](#).
 - 02 LWC Staff Training**
The online training unpacks everything there is to know as an organisation about understanding SEL and how to implement the Little World Changers program with full fidelity. There are three short presentations.
 - 03 Consulting**
Consulting can be arranged upon the kindergarten or schools request for a fee.
